

WELCOME!

SOME INFO

- Dr. Viviana Acquaviva (I go by Dr A; she/her)
- email: vacquaviva@citytech.cuny.edu
- Class hours: Monday and Wednesday, 11.45am – 1.30 pm
- No official office hours, but I've found that students often find it easiest to stay for a bit after class.
- We use Brightspace for communications and sharing content – do you all have access?
- Let's decide on communication strategies

TODAY

The goals for today are:

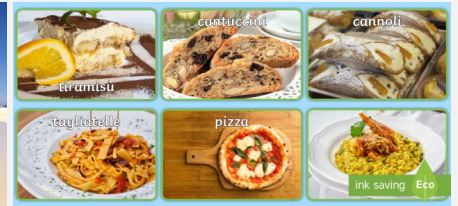

- to meet you!
- to tell you a bit about the course and make sure it's a course you want to take
- to set up expectations and give you room for questions

A FEW WORDS ABOUT ME

Full Prof @ City Tech

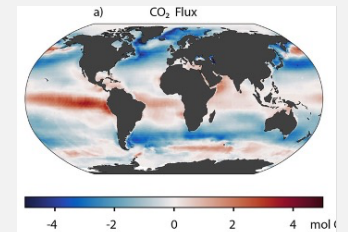

From Lecce, Italy ☺

A former Astrophysicist

Now working in Climate Science x AI

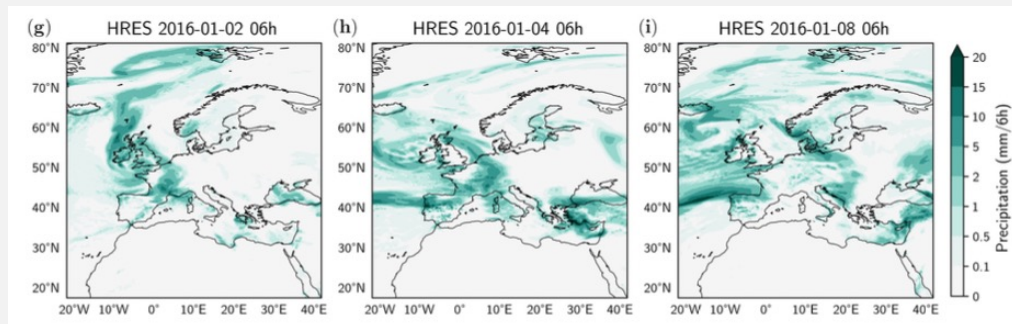

Also, a mom to Clara (9 going on 17)

CURRENT RESEARCH DIRECTIONS

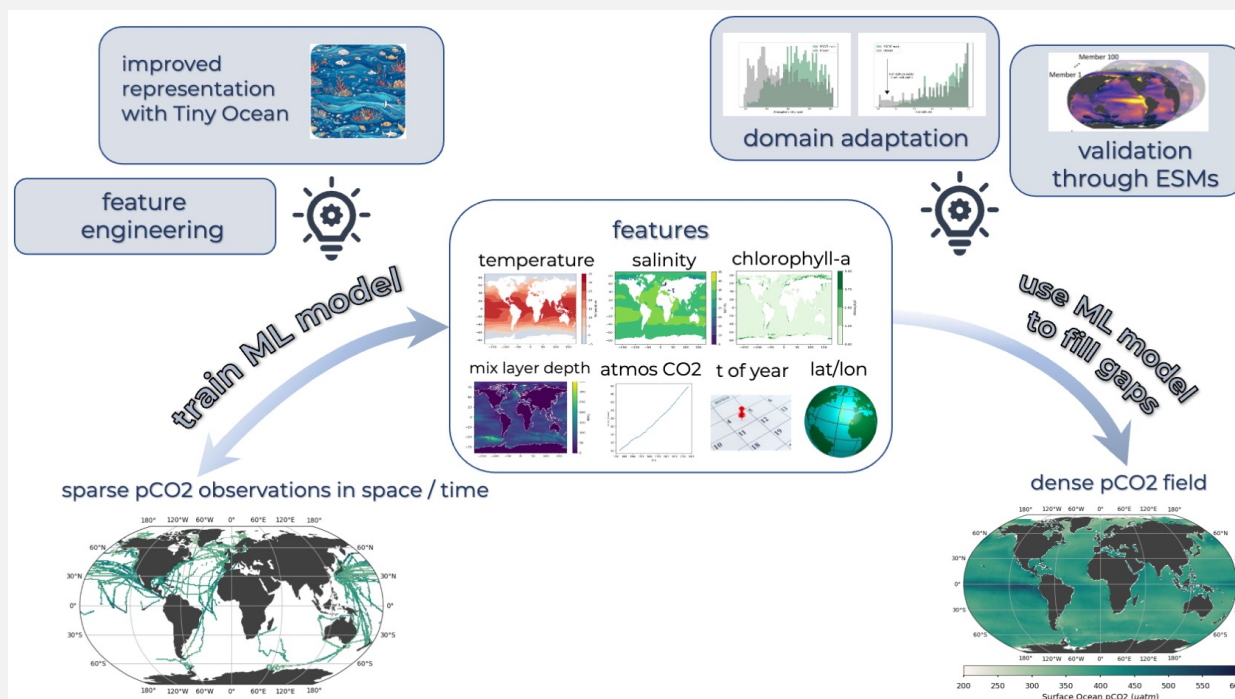

Devise specialized multi-scale metrics (WaveSim) to assess similarity in climate models outputs

led by **Gabriele Accarino**,
w Sara Shamekh and
Duncan Watson Parris

Understand and reconstruct full spatio temporal fields from sparse and biased data (e.g. pCO₂ flux!)

w/ Galen McKinley, Thea H Heimdal, Amanda Fay, Abby Shaum, Romina Wild, Alessandro Laio

AND NOW... YOU KNOW IT...

I'D LIKE TO HEAR

JUST A LITTLE BIT

ABOUT YOU

(YOUR NAME, WHICH PROGRAM YOU ARE IN,
WHY YOU PICKED THIS CLASS, A FUN FACT)

LET'S TAKE A LOOK
AT THE SYLLABUS
(ON BRIGHTSPACE:
CONTENT -> SYLLABUS)
